About This Game

Ritter is a knight, whose purpose is moving along the walls of the castle to destroy enemy soldiers and collect honor medals at the same time. The hero has only five minutes to gain the most medals and to defeat as many warriors as possible. In addition to the danger of being defeated, the hero risks falling into the abyss and losing accumulated honor points. The hero is armed with a long two-handed sword and is able to jump high. And enemies can both strike with a sword and shoot from a crossbow, trying to throw a brave knight into the abyss.

So far im 20 mintues into the game and im really enjoying it. For a game that is basically free the graphics are supurb and I like the music that they have chosen for the game. Simple keys are used for movement and "space" for attack. I would say take the time to play this game and have some time relaxing. Thanks team CasGames! A++

[Sorry, but 4 Cent per minute of fun, is a bit too much.](https://www.youtube.com/watch?v=P3J5dXgrbO0&t=10s)
